Summary of Acquire in 2025

Italics: Aspirational pending estimates

Theme	Q1 2025	Q2 2025	Q3 2025	Q4 2025
Increase Head Office operational efficiencies	Integration into the Product Service which will allow Acquire to receive product information in real-time from Zonal Connect Products	<i>Put the onus on your suppliers to manage their own delivery schedules ©</i> <i>Export date into the finance export – easily report on whether an order has been exported ©</i>	<i>Save time placing orders that have the same products and qty with the use of Standing Orders.</i> <i>Approve Orders that go over budget, eliminating overspends when conducting financial period end.</i> <i>Apply Forced Order drops ahead of time for multiple sites.</i>	<i>Displaying multiple Currencies to support companies that have sites setup in multiple countries. (FSA)</i> <i>Create bespoke fiscal periods for your site budgets to match to your fiscal calendar.</i>
Increase Site operational efficiencies		Upload an Attachment to an order or purchase, reducing the amount of paperwork you store & send to Head office A single username and password will now allow Users to log into Zonal Connect launch Acquire & Aztec + Stocks as we adopt Single Sign On ©	<i>View an Image of a product you wish to order when adding items to your basket © (zc)</i>
